The SUN-LED Classic. Pure flexibility.

The technically advanced thermal management system from BPR Swiss means that the elegant SUN-LED Classic - like all the other lights in the BPR Swiss LED World - comes without any disruptive or unhygienic ventilation slots! Despite its small size, the smallest member of the BPR Swiss LED World provides impressive photometric peak values without compromising on handling or hygiene. The applications in which the SUN-LED Classic can be used are almost limitless, thanks to its performance, flexible handling and numerous installation variants.

The SUN-LED Classic. Pure flexibility.
